

To Whom it May Concern:

On behalf of The National Academy Championships, we would like to request the release from school for all players scheduled to participate in the 2025 National Academy Championships series. These events will take place in Florida, and will provide unparalleled competition along with national team and college scout exposure from across the nation.

We realize the importance of a player's education and strive to accommodate the academic calendar as much as possible. Regrettably, our event will result in some players missing 1-2 days of school for travel and competition.

This event will provide your student(s) the opportunity to be travel and be scouted by some of the nations most prestigious academic institutions as prospective student-athletes. Thank you for your understanding & support.
